

Welcome to Cloverland Elementary School's website!

Cloverland Elementary is truly a wonderful learning community. Our dedicated teachers and staff work closely with our students to bring quality education to each and every student. Through our dedication to instruction and our partnership with parents and the community, we have been able to provide many opportunities for our children to be successful in mastering the curriculum.

Our parents are highly involved in the education of our children and give phenomenal support in and out of the classroom. We hope that you are able to play an active role in your child's education. Our PTC (Parent Teacher Club) offers ways for you to be involved. We value your time and talents and hope that you can share them with our school.

At Cloverland we strive to provide an environment of respect and responsibility, caring and support. Our children are taught by outstanding highly qualified professionals who implement a multitude of strategies to reach every student. Our students are excited about learning!

I look forward to working with each of you and your children. Please feel free to contact me at any time by calling 847-4276, sending a note, or through email. Together we can provide outstanding educational experiences for our children.
