The course of study includes the basic core K-6 curriculum. Staff provides opportunities and additional activities for the students by offering participation in spelling bees, participation in community events and activities, environmental education programs, local and county science fairs, and science Olympiads.

PHYSICAL ENVIRONMENT

The School's Location and Physical Environment

Sierra View Elementary School is located in the Oakdale area of Stanislaus County that has a low crime rate and average poverty level. The immediate area around the school includes single and multiple family dwellings. Present safety hazards include heavy traffic areas and canals.

Description of School Ground

The school site encompasses twenty-five (11) acres and considered a "closed" campus. Sierra View's school grounds are completely enclosed by fencing with gates that are kept locked during school hours. There are thirty-five (35) permanent classrooms. Other ancillary structures on campus include a main office and a cafeteria.

During the school day, staff members and administrators shall provide campus supervision. Identified problem areas receive increased supervision to reduce discipline, crime, or other school safety concerns.

It shall be the practice of Sierra View Elementary School to remove all graffiti from school property before pupils arrive to begin their school day. Other acts of vandalism are promptly addressed.

Maintenance of School Buildings/Classrooms

The school's physical facility is well maintained and generally looks neat and clean. The school was built in 2005 and was most recently painted at that time. District personnel periodically examine the school's physical facility and help eliminate obstacles to school safety. Additionally, health and fire department inspectors contribute to school safety.

The classrooms are monitored for safety and appearance by the administration and individual classroom teachers. The pupils take pride in the appearance of the school.

Internal Security Procedures

Sierra View Elementary School has established suspension and expulsion procedures. Sierra View Elementary School crime statistics are reflected on page 13.

Keeping discipline referrals at a minimum requires constant vigilance. Safety is important at Sierra View. Our campus is student and parent friendly, yet safe, as it is a locked campus with access only through the office during the day. Our

outstanding secretaries monitor parent and student traffic, while providing expert assistance in a multitude of areas. In addition to our excellent security, our bus loading zone is in the rear of the school, safely away from any other vehicle or pedestrian traffic. We also have adults and student Safety Patrol members who assist students in crossing safely at the front of the school. In addition, our Safety Patrol members help in the cafeteria at lunch time and monitor restrooms and walkways at recess. In addition, community involvement is always encouraged to help increase school safety.

Sierra View Elementary School maintains a copy of the district's sexual harassment policy in the main office and the policy is available on request. The District's Sexual Harassment Policy contains dissemination plans, applicable definitions, reporting requirements, investigation procedures, enforcement regulations, and information related to suspension and/or expulsion for sexual harassment of or by pupils.

To ensure the safety of pupils and staff, all visitors to the campus, except pupils of the school and staff members, shall register immediately upon entering any school building or grounds when school is in session.

Discipline procedures shall focus on finding the cause of problems and working with all concerned to reach the proper, lawful solutions. The school's discipline plan begins at the classroom level. Teachers shall use a visible classroom management plan to communicate classroom rules, promote positive pupil conduct, and reduce unacceptable conduct. Appropriate consequences are administered based on the seriousness of the pupil's misbehavior.

Pupil conduct standards and consequences for Sierra View Elementary School are specifically described in this Comprehensive Schools Safety Plan including: (a) the adopted school discipline rules and procedures, (b) District Disciplinary Guidelines, and (c) the adopted school-wide dress code.

Pupils may be suspended, transferred to another school, or recommended for expulsion or for certain acts. For specific student violations, a mandatory expulsion recommendation shall be submitted by the administration of Sierra View Elementary School.

Site administrators contribute to a positive school climate, promote positive pupil behavior, and help reduce inappropriate conduct. The principal/designee uses available district and other appropriate records to inform teachers of each pupil identified under E.C. 49079.

Law enforcement is contacted and consulted to help maintain and to promote a safe and orderly school environment. Sierra View Elementary School employees comply with all legal mandates, regulations, and reporting requirements for all instances of suspected child abuse.

Inventory System – Engraved ID, Security Storage

Most school-site equipment has a bar code sticker adhered to its surface. These items are inventoried annually and there is an established accountability system. Office and classroom supplies are secured.

SCHOOL CLIMATE

The School's Social Environment

Leadership at Sierra View Elementary School is a shared process. A proactive role is assumed in all phases of the school operation. The current management team is committed to continuing excellence in the areas of academic and social behavior.

The principal sets a positive tone for the school, guides the staff, and works closely with them on curriculum and school safety issues. The school site's organizational structure is open and flexible contributing to sensitivity concerning school safety issues and promoting a safe, orderly school environment conducive to learning.

Disaster Procedures, Routine and Emergency

A contingency plan for emergencies is contained in a handbook available to each staff member. The District's Emergency Response Plan (ERP) is located in a separate binder detailing necessary actions/precautions. The plan is reviewed at the beginning of each school year. The plan also contains available district and outside agency resources, emergency disaster procedures and information on Standardized Emergency Management System (SEMS).

Classroom Organization and Structure

Sierra View Elementary School teachers provide a varied learning environment in their classrooms. The teachers at Sierra View Elementary School are highly qualified, with many teachers holding advanced degrees. The staff is united in their desire to provide quality education for all pupils. Teachers provide a safe, orderly learning environment, enhance the experience of learning, and promote positive interactions between pupil and staff. Instructional time is maximized and disruptions are minimized.

The School's Cultural Environment

There is a high level of cohesiveness among the staff members at Sierra View Elementary School. Cooperation and support between teachers and the administration is evident. Effort is made by the administration and staff to show concern for all pupils. Cultural diversity is celebrated throughout the year.

All pupils are expected to behave in a manner that promotes safety and order. Pupils are encouraged to bring problems to the principal, vice principal, teacher or other staff members. The everyday goal is for the staff to be proactive rather than reactive in all situations of concern.

The academic and behavior efforts of pupils are recognized and rewarded. Good citizenship is a focus for all of us at Sierra View. Students are expected to exhibit appropriate “restaurant” manners when they dine in our Coyote Café; they are encouraged to keep their classrooms clean in order to help the custodial staff (for which they can earn the “Golden Dustpan” award); they are recognized for perfect attendance; and they also receive acknowledgement for acts of merit that go “above and beyond.”

SAFETY STRATEGIES

Introduction

Safe Schools are orderly and purposeful places where students and staff are free to learn and teach without the threat of physical and psychological harm. Sierra View Elementary School promotes educationally and psychologically healthy environments for all children and youth. Sierra View Elementary School recognizes there are comprehensive, broad factors directly related to a safe school environment such as the school facility, school programs, staff, parents and the community. Sierra View Elementary School further recognizes that safe school practices make major contributions to academic and school improvement efforts.

Although keeping children safe requires a community-wide effort, schools are an important piece of the undertaking to keep children safe. Sierra View Elementary School's efforts are illustrated below which broaden the safety planning and incorporate an expansive range of strategies and programs in the school safety plan.

SCHOOL SAFETY STRATEGY #1: Positive pupil interpersonal relations are fostered by teaching social-personal skills, encouraging pupils to feel comfortable assisting others to get help when needed and teaching pupils alternative, socially appropriate replacement responses to violence, including, but not limited to problem solving and anger control skills. When appropriate, staff members shall make referrals to recognized community agencies and/or counseling and mental health resources in the community to assist parents/student with issues prevention and intervention. The school uses a variety of methods to communicate to pupils, parents, and the greater community that all children are valued and respected.

Preventing and Intervening: Pupil Aggressive Behavior

Creating a safe school requires having in place many preventive measures for children's mental and emotional problems. Schools can reduce the risk of violence by teaching children appropriate strategies for dealing with feelings, expressing anger in appropriate ways, and resolving conflicts.

Staff members at Sierra View Elementary School have received training in conflict resolution and confrontation skills. Sierra View Elementary School uses a comprehensive approach to school violence prevention. Pupils are identified in their school career using measures shown to be highly effective in identifying student with antisocial and aggressive tendencies. These measures include: (a)

number of disciplinary referrals to office, (b) observed aggressive behavior, and (c) teacher observation.

Mental Health Programs

Assigned to Sierra View Elementary School is a school psychologist. District programs contributing to mental health goals include Power of One Action Plan. The staff of Sierra View Elementary School shall identify students in need and bring forth the student and the family to the school's student study team. The staff of Sierra View Elementary School provides counseling, parent support and mental health resources to parents in cases where a student exhibits specific characteristics of mental health issues. In incidences of possible suicide, the school/district psychologist or police crisis response units shall be contacted.

Professional Development

The Oakdale Joint Unified School District provides professional development for teachers, parents, and community members. Amongst the goals of such programs are to help others establish and nurture a healthy sense of self confidence and self control, to develop personal and social responsibility, and to enhance academic success.

Student Recognition Programs.

Sierra View Elementary School offers several recognition and award programs such as the Rewards Program (focusing on Character Education, Attendance, Citizenship, School Spirit and Student Conduct), Academic Recognition, Safety Patrol, Science Olympiad, Science Fair, and a variety of other accomplishments that the students achieve throughout the year.

SCHOOL SAFETY STRATEGY #2:

Procedures, programs and strategies used to help eliminate problems of bias or unfair treatment of pupils by staff and by peers because of ethnic group, gender, race, national origin, social class, religion, disability, sexual orientation, physical appearance, color, ancestry, parental status, or other relevant characteristics. The school provides a way for each pupil to safely report and, be protected after reporting, troubling behaviors that the pupil thinks may lead to dangerous situations, such as potential school violence.

Nondiscrimination and Fair Treatment of Pupils A major source of conflict in many schools is the perceived or real problem of bias and unfair treatment of students because of ethnicity, gender, race, social class, religion, disability, nationality, sexual orientation, physical appearance, or some other factor. Effective schools convey the attitude that all children can achieve academically and behave appropriately, while at the same time appreciating individual differences. Effective schools communicate to students and the greater community that all children are valued and respected.

In order to maximize the successful education of all students and help them become productive citizens and lifelong learners in a diverse society, all individuals including student, parents, staff and community members:

- Shall be treated with dignity, respect and fairness;
- Shall encourage and maintain high expectations;
- Shall model an appreciation for socio-economic, cultural, ethnic, gender and religious diversity; and
- Shall contribute to an environment of mutual respect, caring and cooperation.

Students, parents, staff and community members shall join together to share a sense of belonging and take pride in our schools, facilities and programs through participation and cooperation in support of the education of all students.

A copy of the “Parent Student Handbook” located on the District’s website. This handbook includes information pertaining to student rights to physical safety, to the protection of personal property, to respect from adults, and to be free of discrimination on the basis of gender, race, color, religion, ancestry, national origin, ethnic group, marital or parental status, physical or mental disability, sexual orientation or the perception of one or more of such characteristics. The District’s policies on nondiscrimination and sexual harassment support these protections and serve to promote the fair treatment of all children.

Discipline Policy and Code

Effective and safe schools, develop, and consistently enforce, school-wide rules that are clear, broad-based, and fair. School safety can be enhanced by the development of a school-wide disciplinary policy that includes a code of conduct, specific rules and consequences that can accommodate student differences on a case-by-case basis when necessary. Discipline consequences should be commensurate with the offense, should be written, and applied in a nondiscriminatory manner.

Sierra View Elementary School uses both classroom and school-wide discipline codes that clearly communicate the behavioral expectancies and consequences for pupils. Sierra View Elementary School has developed plans to promote positive behaviors in the playground, lunchroom, and assembly areas.

SCHOOL SAFETY STRATEGY #3: *Sierra View Elementary School's administrators, teachers, students, families, support staff, and community members recognize and make appropriate use of the early warning signs related to violence, substance abuse, and other at-risk concerns.*

Crisis Intervention and Disaster Planning

The staff of Sierra View Elementary School shall increase school safety by evaluating and addressing serious behavioral and academic concerns. Weapons

(on campus and in the community), bomb threats, explosives, fights, natural disasters, accidents, and suicides call for immediate, planned action, and long-term, post-crisis intervention. Planning for such contingencies reduces chaos and trauma.

Sierra View Elementary School benefits from the District's Crisis Response Plan (CRP). The CRP includes information on how to respond to a crisis. Risk factors, response and contingency plans, quick response designs, parent contacts, debriefing, suicide/threat response, violence/aggression response and training/drills to become aware of warning signs are among the areas addressed.

California Safe Schools Assessment

Sierra View Elementary School recognizes that a safe school continually assesses its progress by identifying problems, collecting information regarding progress toward solutions, and by sharing this information with students, families, and the community at large.

Teacher Notice of Disciplinary History

Oakdale School District's Pupil Service Office shall provide to the administration of Sierra View Elementary School information on each pupil who has: (1) during the previous three school years, engaged in any suspendable or expellable act (except E.C. 48900 (h)) or (b) committed a crime reported to the District by a family member, local law enforcement, Probation Department or social services. This information is used to develop awareness, assigning appropriate discipline consequences, help in allocating resources, and is a factor in determining which services are provided to the pupil or recommended to the parent/guardian. Teachers will be notified through the Aeries Attendance Program.

Gang Affiliation

Gang affiliation and gang activity will not be tolerated at Sierra View Elementary School. The staff at Sierra View Elementary School shall work closely with the local law enforcement/Gang Unit regarding all issues and matters that are gang related. Information from the school and the community shall be communicated to the student's parents, if the pupil begins to make gang affiliations. Appropriate prevention and intervention strategies and programs shall be offered to the families.

Gangs and Graffiti

Sierra View Elementary School uses its links with the City of Oakdale to enhance its effort to curb gang influence.

Alternative Programs

Research has shown that effective alternative programs can have long-term positive results by reducing expulsions and court referrals. Sierra View has access to the district's short-term Independent Study Program, a "Home-Hospital

Study Program" and may make a referral to the Pupil Services Office for placement in one of the programs offered through the Stanislaus County Department of Education. These alternative programs, when matched to a pupil's needs, can produce positive outcomes.

Drug and Violence Prevention Programs

The goals of the district's Power of One – Impact to All Program and other related community program include providing all K-12 pupils with a comprehensive drug and violence prevention program and providing all pupils in grades four through eight with a comprehensive tobacco use prevention education.

Attendance Procedures

Sierra View Elementary School recognizes the importance of punctuality and regular attendance. The staff of Sierra View Elementary School shall accurately record the attendance record for all students. Parents of students with poor attendance will be contacted. Students with poor attendance due to medical issues will be referred to the school nurse. Should attendance problems continue, official action is to be taken, which could result in a referral to the School Attendance Review Team (SART) through the district or the School Attendance Review Board (SARB) through the Stanislaus County Sheriff's Department.

Megan's Law Notification

The staff of Sierra View Elementary School shall receive Megan's Law Sex Offender Information from local law enforcement and that information shall be communicated with the public, as necessary, so that the information can be used to protect students and families. Megan's Law provides the public with photographs and descriptive information on serious or high risk sex offenders residing in California who have been convicted of committing sex crimes and are required to register.

SCHOOL SAFETY STRATEGY #4: *Plan(s) and method(s) are available to identify isolated and troubled pupils, help foster positive relationships between school staff and pupils, and promote meaningful parental and community involvement.*

Parent/Guardian Involvement

Staff members in effective and safe schools make persistent efforts to involve parents/guardian by: informing them about discipline policies, procedures, and rules, and about their children's behavior, both desirable and undesirable; involving them in making decisions concerning school-wide disciplinary policies and procedures; and encouraging them to participate in prevention programs, intervention programs and crisis planning.

Sierra View Elementary School:

- Notifies parents about, and encourages participation in district parenting programs.
- Has established a school visitation procedure.
- Provides a newsletter to parents.
- Uses the School Accountability Report Card as a procedure to communicate to parents.
- Provides opportunities for Teacher-Parent Conferences.
- Maintains an effective Homework Policy

Each classroom is arranged to help prevent aggressive behavior. High traffic areas are free of congestion. Pupils are in full view of the teacher so the teacher can easily monitor students' behavior. Teaching materials and student supplies are readily accessible to minimize student-waiting time. Seats are arranged so students can easily see instructional presentations and to reduce the opportunity for off-task behavior.

Parent Training: Promoting the Use of Community Resources

Sierra View Elementary School advocates for the provision of community resources to help maximize the development of positive behavior and the suppression of antisocial behavior. Such training promises to maximize the parent's contribution to academic excellence and noteworthy social-development.

Problem Solving Teams

School communities can enhance their effectiveness by identifying factors that result in violence and other problem behaviors. Sierra View Elementary School utilizes a student study team to help address issues of problem behavior. These problem-solving efforts bring together school staff, parents, and when appropriate, involved community-based agencies and the pupil. The goal is to help identify, clarify, analyze and resolve issues concerning pupil, educational and familial concerns. The student study team is flexible enough to address individual problems and school-wide matters.

Community Linkages

When working with parents and students with specific issues, the staff at Sierra View Elementary School will provide information to the families regarding available community resources. The staff of Sierra View Elementary School shall work closely with recognized local city, county and state agencies.

SCHOOL SAFETY STRATEGY #5: *Specific employees (e.g., the campus supervisor) use unique strategies to promote school safety.*

Administrative Positions and Noon/Yard Duty Aides

Schools can enhance physical safety by monitoring the surrounding school grounds-including landscaping, parking lots, and bus stops. Pupils can also be a good source of information. Peers often are the most likely group to know in advance about potential school violence.

Sierra View Elementary School employs a principal, vice-principal, and noon/yard duty aides whose job is designed to help increase school safety, prevent prohibited offenses, and promote positive student relationships. The principal, vice-principal, and noon/yard duty aides have developed procedures to monitor the school campus, the surrounding areas, and have designated the safe entrance and exit routes to school. Furthermore, recognizing that pupils are often the first to know of dangerous plans or actions, the principal, vice-principal, and noon/yard duty aides at Sierra View Elementary School make themselves available for a pupil to safely report troubling behaviors that may lead to dangerous situations.

When it comes to school safety, pupils are taught not to keep secrets. Effective relationships between the principal, vice-principal, and noon/yard duty aide and pupils help initiate appropriate investigations, help staff learn of suspects in school offenses, and help collect important knowledge about community conflicts that may have an impact on school safety.

Campus Disturbances and Crimes

Sierra View Elementary School recognizes that campus disturbances and crimes may be committed by visitors and outsiders to the campus. Several steps have been taken to protect the school, staff, and pupils from safety threats by individuals visiting the campus area. In addition, disputes often occur because of parental custody disputes. The staff of Sierra View Elementary School will maintain in the student's record custody documentation provided by families and will request assistance from local law enforcement and the Pupil Services Office as needed.

Visitors and Disruptions to Educational Process

Sierra View Elementary School is aware of the laws, policies and procedures, which govern the conduct of visitors to the school campus. Sierra View Elementary School minimizes the number of campus entrance and exit points used daily. Access to school grounds is limited and supervised on a regular basis by individuals and staff familiar with the student body. Campus traffic, both pedestrian and vehicular, flows through areas that can be easily and naturally supervised.

Delivery entrances used by vendors are locked and accessible only with school personnel assistance. The campus has perimeter fencing.

To ensure the safety of pupils and staff and avoid potential disruptions, all visitors to the campus, except pupils of the school and staff members, must register immediately upon entering any school building or grounds when school is in session.

Sierra View Elementary School has established a visible means of identification for visitors while on school premises (i.e. badges). Furthermore, the principal, designee or campus supervisor may direct an individual to leave school grounds if he/she has a reasonable basis for concluding that the person is committing an act that is likely to interfere with the peaceful conduct of school activities or that the person has entered the campus with the purpose of committing such an act.

Oakdale Joint Unified School District has developed a notice for disruptive individuals and, when appropriate, exercises the authority to remove a visitor or outsider from the campus. Law enforcement is immediately contacted for individuals engaging in threatening conduct, including disturbing the peace.

Oakdale Joint Unified School District's notice and removal system establishes sufficient documentation for civil law remedies as needed. For continuing disruptive behavior by a visitor or outsider, Sierra View Elementary School shall follow procedures established by the district office to determine whether to file for a temporary restraining order and injunction.

SCHOOL SAFETY STRATEGY #6: *At Sierra View Elementary School, effective procedures will be followed to maintain a safe physical plant and school site.*

Enhancing Physical Safety Practices

Schools can enhance physical safety by adjusting traffic flow patterns to limit potential for conflicts or altercations. Furthermore, schools can enhance physical safety by having adults visibly present throughout the school building. This includes encouraging parents to visit the school.

Schools can enhance physical safety by conducting a building safety audit in consultation with the Pupil Service Office and/or law enforcement. Recent safety audits of Sierra View Elementary School, have identified the following issues:

- Sierra View Elementary School operates a closed campus, where pupils must have permission to leave the campus during school hours.
- Sierra View Elementary School has minimized blind spots around the school facility.
- Sierra View Elementary School has set a priority to keep buildings clean and maintained.
- Sierra View Elementary School has limited roof access by keeping dumpsters away from building walls.

- Sierra View Elementary School keep trees and shrubs closely trimmed to limit outside hiding places for people or weapons.
- Sierra View Elementary School has designed its parking lots to discourage through traffic and to slow vehicles proceeding through the parking lot.
- Sierra View Elementary School ensures vehicle access around the building(s) for night surveillance and emergency vehicles.
- Sierra View Elementary School keeps a complete list of staff members who have keys to building(s).
- Sierra View Elementary School does not allow graffiti to remain on walls.
- Sierra View Elementary School has established two-way communication between the front office and each classroom.
- Sierra View Elementary School offers school-or-community-based activities for students after school.

SCHOOL SAFETY STRATEGY #7:

Character Education involves teaching children about basic human values including honesty, kindness, generosity, courage, freedom, equality, and respect. Sierra View's implementation of the Rewards Program and its Character Education component encourages students to focus on positive character traits throughout the school year.

Closing Statement #8:

The well-being and safety of our students is very important to us. Our staff works diligently to provide a safe and nurturing environment for all of our students, which includes strengthening the school-to-home connection through respectful communication.

EXPOSURE CONTROL PLAN FOR BLOODBORNE PATHOGENS

As part of its commitment to provide a safe and healthful work environment, the Board of Education recognizes the importance of developing an exposure control plan. The Superintendent or designee shall establish a written exposure control plan in accordance with state and federal standards for dealing with potentially infectious materials in the workplace to protect employees from possible infection due to contact with bloodborne pathogens, including but not limited to hepatitis B virus, hepatitis C virus and human immunodeficiency virus (HIV).

(cf. 4119.43/4219.43/4319.43 - Universal Precautions)
(cf. 4157/4257/4357 - Employee Safety)

The Superintendent or designee shall determine which employees have occupational exposure to bloodborne pathogens and other potentially infectious materials. In accordance with the district's exposure control plan, employees having occupational exposure shall be offered the hepatitis B vaccination.

The Superintendent or designee may exempt designated first aid providers from pre-exposure hepatitis B vaccination under the conditions specified by state regulations. (8 CCR 5193(f))

Any employee not identified by the Superintendent or designee as having occupational exposure may submit a request to the Superintendent or designee to be included in the training and hepatitis B vaccination program. The Superintendent or designee may deny a request when there is no reasonable anticipation of contact with any infectious material.

EXPOSURE CONTROL PLAN FOR BLOODBORNE PATHOGENS

Definitions

Occupational exposure means reasonably anticipated skin, eye, mucous membrane, or parenteral contact with blood or other potentially infectious materials that may result from the performance of an employee's duties. (8 CCR 5193(b))

Exposure incident means a specific eye, mouth, other mucous membrane, nonintact skin, or parenteral contact with blood or other potentially infectious materials that result from the performance of an employee's duties. (8 CCR 5193 (b))

Parenteral contact means piercing mucous membranes or the skin barrier through such events as needlesticks, human bites, cuts, and abrasions. (8 CCR 5193(b))

A *sharp* is any object that can be reasonably anticipated to penetrate the skin or any other part of the body and to result in an exposure incident. (8 CCR 5193(b))

A *sharps injury* is any injury caused by a sharp, including but not limited to cuts, abrasions or needlesticks. (8 CCR 5193(b))

Work practice controls are controls that reduce the likelihood of exposure by defining the manner in which a task is performed. (8 CCR 5193(b))

Engineering controls are controls, such as sharps disposal containers, needleless systems, and sharps with engineered sharps injury protection, that isolate or remove the bloodborne pathogens hazard from the workplace. (8 CCR 5193(b))

Engineered sharps injury protection is a physical attribute built into a needle device or into a non-needle sharp which effectively reduces the risk of an exposure incident. (8 CCR 5193(b))

Exposure Control Plan

The district's exposure control plan shall contain at least the following components: (8 CCR 5193(c))

1. A determination of which employees have occupational exposure to blood or other potentially infectious materials

The district's exposure determination shall be made without regard to the use of personal protective equipment and shall include a list of:

- a. All job classifications in which all employees have occupational exposure
 - b. Job classifications in which some employees have occupational exposure
 - c. All tasks and procedures, or groups of closely related tasks and procedures, in which occupational exposure occurs and which are performed by employees listed in item #b above
2. The schedule and method of implementing:
- a. Methods of compliance required by 8 CCR 5193(d), such as universal precautions, general and specific engineering and work practice controls, and personal protective equipment

(cf. 4119.43/4219.43/4319.43 - Universal Precautions)

- b. Hepatitis B vaccination
 - c. Bloodborne pathogen post-exposure evaluation and follow-up
 - d. Communication of hazards to employees, including labels, signs, information and training
 - e. Recordkeeping
3. The district's procedure for evaluating circumstances surrounding exposure incidents
4. An effective procedure for gathering information about each exposure incident involving a sharp, as required for the log of sharps injuries
5. An effective procedure for periodically determining the frequency of use of the types and brands of sharps involved in exposure incidents documented in the sharps injury log
6. An effective procedure for identifying currently available engineering controls and selecting such controls as appropriate for the procedures performed by employees in their work areas or departments
7. An effective procedure for documenting instances when a licensed healthcare professional directly involved in a patient's care determines, in the reasonable exercise of clinical judgment, that the use of an engineering control would jeopardize an individual's safety or the success of a medical, dental or nursing procedure involving the individual

8. An effective procedure for obtaining the active involvement of employees in reviewing and updating the exposure control plan with respect to the procedures performed by employees in their respective work areas or departments

The exposure control plan shall be reviewed and updated at least annually and whenever necessary to: (8 CCR 5193(c))

1. Reflect new or modified tasks and procedures affecting occupational exposure
2. To the extent that sharps are used in the district, reflect progress in implementing the use of needleless systems and sharps with engineered sharps injury protection
3. Include new or revised employee positions with occupational exposure
4. Review and evaluate the exposure incidents which occurred since the previous update
5. Review and respond to information indicating that the exposure control plan is deficient in any area

The district's exposure control plan shall be accessible to employees upon request. (8 CCR 3204(e))

Preventive Measures

The Superintendent or designee shall use engineering and work practice controls to eliminate or minimize employee exposure, and shall regularly examine and update controls to ensure their effectiveness. (8 CCR 5193(d))

Hepatitis B Vaccination

The hepatitis B vaccination and vaccination series shall be made available at no cost to all employees who have occupational exposure. The hepatitis B vaccination shall be made available after an employee with occupational exposure has received the required training and within 10 working days of initial assignment, unless the employee has previously received the complete hepatitis B vaccination series, or antibody testing has revealed that the employee is immune, or vaccination is contraindicated by medical reasons. (8 CCR 5193(f))

Employees who decline to accept the vaccination shall sign the hepatitis B declination statement. (8 CCR 5193(f))

The Superintendent or designee may exempt designated first aid providers from the pre-exposure hepatitis B vaccine in accordance with 8 CCR 5193 (f).

Information and Training

The Superintendent or designee shall ensure that all employees with occupational exposure participate in a training program containing the elements required by state regulations, during working hours and at no cost to the employee. This program shall be offered at the time of initial assignment to tasks where occupational exposure may take place, at least annually thereafter, and whenever a change of tasks or procedures affects the employee's exposure. (8 CCR 5193(g))

Designated first aid providers shall receive training that includes the specifics of reporting first-aid incidents which involve blood or body fluids which are potentially infectious. (8 CCR 5193(g))

Reporting Incidents

All exposure incidents shall be reported as soon as possible to the Superintendent or designee.

Unvaccinated designated first aid providers must report any first aid incident involving the presence of blood or other potentially infectious material, regardless of whether an exposure incident occurred, by the end of the work shift. The full hepatitis B vaccination series shall be made available to such employees no later than 24 hours after the first aid incident. (8 CCR 5193(f))

- f. If the sharp had engineered sharps injury protection, whether the protective mechanism was activated and whether the injury occurred before, during or after the protective mechanism was activated
- g. If the sharp had no engineered sharps injury protection, the injured employee's opinion as to whether and how such a mechanism could have prevented the injury
- h. The employee's opinion about whether any other engineering, administrative or work practice could have prevented the injury

Post-Exposure Evaluation and Follow-up

Following a report of an exposure incident, the Superintendent or designee shall immediately make available to the exposed employee, at no cost, a confidential medical evaluation, post-exposure evaluation and follow-up. The Superintendent or designee shall, at a minimum: (8 CCR 5193(f))

The Superintendent or designee shall provide handwashing facilities which are readily accessible to employees. When provision of handwashing facilities is not feasible, the Superintendent or designee shall provide an appropriate antiseptic hand cleanser in conjunction with clean cloth or paper towels, or antiseptic towelettes. (8 CCR 5193(d))

For the prevention of infectious disease, employees shall routinely: (8 CCR 5193(d))

1. Perform all procedures involving blood or other potentially infectious materials in such a manner as to minimize splashing, spraying, spattering, and generating droplets of these substances.
2. Use personal protective equipment as appropriate.
 - a. Appropriate clothing, including but not limited to, gowns, aprons, lab coats, clinic jackets or similar outer garments, shall be worn in occupational exposure situations.

If a garment becomes penetrated by blood or other potentially infectious materials, the employee shall remove the garment immediately or as soon as feasible. All personal protective equipment shall be removed prior to leaving the work area. When removed, it shall be placed in an appropriately designated area or container for storage, washing, decontamination or disposal.

- b. Gloves shall be worn when it can be reasonably anticipated that the employee may have hand contact with blood, other potentially infectious materials, mucous membranes and nonintact skin, and when handling or touching contaminated items or surfaces.

Disposable gloves shall be replaced as soon as practical when contaminated, or as soon as feasible if they are torn, punctured, or when their ability to function as a barrier is compromised. They shall not be washed or decontaminated for reuse. Utility gloves may be decontaminated for reuse if the integrity of the gloves is not compromised, but must be discarded if they are cracked, peeling, torn, punctured, or exhibit other signs of deterioration or when their ability to function as a barrier is compromised.

- c. Masks in combination with eye protection devices or face shields shall be worn whenever splashes, spray, spatter, or droplets of blood or other potentially infectious materials may be generated and eye, nose or mouth contamination can be reasonably anticipated.
3. Wash hands and other skin surfaces thoroughly with soap and running water:
 - a. Immediately or as soon as feasible following contact of hands or any other skin or mucous membranes with blood or other potentially infectious materials
 - b. Immediately after removing gloves or other personal protective equipment

When handwashing facilities are not available, the employee shall use antiseptic hand cleanser in conjunction with clean cloth or paper towels, or antiseptic towelettes. In such instances, hands shall be washed with soap and running water as soon as feasible.

4. Refrain from eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses in work areas with a reasonable likelihood of occupational exposure.
5. Clean and decontaminate all equipment and environmental and work surfaces after contact with blood or other potentially infectious material, no later than the end of the shift or more frequently as required by state regulations.
6. Rather than using the hands directly, use mechanical means such as a brush and dust pan, tongs or forceps to clean up broken glassware which may be contaminated.
7. Use effective patient-handling techniques and other methods designed to minimize the risk of a sharps injury in all procedures involving the use of sharps in patient care.

(cf. 5141.21 - Administering Medication and Monitoring Health Conditions)

(cf. 5141.24 - Specialized Health Care Services)

- a. Needleless systems shall be used to administer medication or fluids, withdraw body fluids after initial venous or arterial access is established, and conduct any other procedure involving the potential for an exposure incident for which a needleless system is available as an alternative to the use of needle devices. If needleless systems are not used, needles or non-needle sharps with engineered sharps injury protection shall be used.

- b. Contaminated needles or other sharps shall not be broken, bent, recapped, removed from devices, or stored or processed in a manner that requires employees to reach by hand into the containers where these sharps have been placed.
 - c. Disposable sharps shall not be reused.
8. Handle, store, treat and dispose of regulated waste in accordance with Health and Safety Code 117600-118360 and other applicable state and federal regulations.
- a. Immediately or as soon as possible after use, contaminated sharps shall be placed in containers meeting the requirements of 8 CCR 5193(d)(3)(D). Containers shall be easily accessible, maintained upright throughout use where feasible, and replaced as necessary to avoid overfilling.
 - b. Specimens of blood or other potentially infectious material shall be placed in a container which prevents leakage during collection, handling, processing, storage, transport or shipping.

EMPLOYEE SECURITY

The Board of Education desires to provide a safe, orderly working environment for all employees. (cf. 5141 - Health Care and Emergencies)

Employees may not carry or possess pepper spray on school property or at school activities. (cf. 4118 - Suspension/Disciplinary Action)
(cf. 4218 - Dismissal/Suspension/Disciplinary Action)

Reporting of Injurious Objects

The Board requires school employees to take immediate action upon being made aware that any person is in possession of an injurious object on school grounds or at a school-related or school-sponsored activity. The employee shall use his/her own judgment as to the dangerousness of the situation and, based upon this analysis, shall do one of the following:

1. Confiscate the object and deliver it to the principal immediately
2. Immediately notify the principal, who shall take appropriate action
3. Immediately notify the local law enforcement agency and the principal

(cf. 5131.7 - Weapons and Dangerous Instruments)
(cf. 5144. - Discipline)
(cf. 5144.1 - Suspension and Expulsion/Due Process)
(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

When informing the principal about the possession or seizure of a weapon or dangerous device, the employee shall report the name(s) of persons involved, witnesses, location, and the circumstances of any seizure.

EMPLOYEE SECURITY

An employee may use reasonable and necessary force when necessary for self-defense, to protect another person or property, to quell a disturbance threatening physical injury to others, or to obtain possession of weapons or other dangerous objects on or within the control of a student. (Education Code 44807, 49001)

(cf. 5131.7 - Weapons and Dangerous Instruments)
(cf. 5144 - Discipline)

Employees shall promptly report to their principal or other immediate supervisor any attack, assault or physical threat made against them by a student.

Both the employee and the principal or other immediate supervisor shall promptly report such instances to the appropriate local law enforcement agency. (Education Code 44014)

In addition, employees shall promptly report to their principal or supervisor, and may report to law enforcement, any attack, assault or threat made against them on school grounds by any other individual.

(cf. 3515.2 - Disruptions)

Reports of attack, assault or threat also shall be forwarded immediately to the Superintendent or designee.

An employee whose person or property is injured or damaged by willful misconduct of a student may ask the district to pursue legal action against the student or the student's parent/guardian. (Education Code 48905)

(cf. 3515.4 - Recovery for Property Loss or Damage)

Notice Regarding Student Offenses Committed While Under School Jurisdiction

The Superintendent or designee shall inform the teacher of each student who has engaged in, or is reasonably suspected of, any act during the previous three school years which could constitute grounds for suspension or expulsion under Education Code 48900, with the exception of the possession or use of tobacco products, or Education Code 48900.2, 48900.3, 48900.4, or 48900.7. This information shall be based upon district records maintained in the ordinary course of business or records received from a law enforcement agency. (Education Code 49079)

(cf. 5125 - Student Records)
(cf. 5144.1 - Suspension and Expulsion/Due Process)

Upon receiving a transfer student's record regarding acts committed by the student that resulted in his/her suspension or expulsion, the Superintendent or designee shall inform any of the student's teacher(s) that the student was suspended from his/her former district and of the act that resulted in the suspension or expulsion. (Education Code 48201)

Information received by teacher(s) shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher. (Education Code 49079)

Notice Regarding Student Offenses Committed While Outside School Jurisdiction

When a minor student has been found by a court of competent jurisdiction to have illegally used, sold or possessed a controlled substance or committed specified crimes involving serious acts of violence, the district police or security department may provide written notification to the Superintendent. (Welfare and Institutions Code 828.1)

(cf. 3515.3 - District Police/Security Department)

When informed by the court that a minor student has been found by a court to have committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Penal Code 290, assault or battery, larceny, vandalism or graffiti, the Superintendent or designee shall so inform the school principal. (Welfare and Institution Code 827)

The principal shall disseminate this information to the counselor(s) who directly supervises or reports on the student's behavior or progress. The principal also may inform any teacher or administrator he/she thinks may need the information so as to work with the student appropriately, avoid being needlessly vulnerable, or protect others from vulnerability. (Welfare and Institutions Code 827)

Any court-initiated information that a teacher, counselor or administrator receives shall be kept confidential and used only to rehabilitate the student and protect other students and staff. The information shall be further disseminated only when communication with the student, parent/guardian, law enforcement staff and probation officer is necessary to rehabilitate the student or to protect students and staff. (Welfare and Institutions Code 827)

When a student is removed from school as a result of his/her offense, the Superintendent shall hold the court's information in a separate confidential file until the student is returned to public school. If the student is returned to a different district, the Superintendent shall transmit the information provided by the student's parole or probation officer to the Superintendent of the new district of attendance. (Welfare and Institutions Code 827)

Any confidential file of court-initiated information shall be kept until the student becomes 18, graduates from high school, or is released from juvenile court jurisdiction, whichever occurs first; it shall then be destroyed. (Welfare and Institutions Code 827)

Procedures to Maintain Confidentiality of Student Offenses

In order to maintain confidentiality when providing information about student offenses to counselors and teachers of classes/programs to which a student is assigned, the principal or designee shall send the staff member a written notification requesting him/her to review a student's file in the school office as soon as practicable. This notification shall not name or otherwise identify the student. The staff member shall be asked to initial the notification and return it to the principal or designee.

The staff member shall also initial the student's file when reviewing it in the school office. Once the district has made a good faith effort to comply with the notification requirement of Education Code 49079 and Welfare and Institutions Code 827, an employee's failure to review the file constitutes district compliance with the requirement to provide notice to the teacher.

Use of Pepper Spray

Employees who possess pepper spray on school property shall be notified of the following conditions:

1. The pepper spray shall be used only in self-defense.
2. An employee who uses pepper spray other than in self-defense shall be subject to disciplinary action by the district and, in accordance with law, a fine and/or imprisonment.

DRESS AND GROOMING

The Board of Education believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process.

(cf. 4119.22 - Dress and Grooming)
(cf. 5145.2 - Freedom of Speech/Expression)

Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action.

(cf. 5144 - Discipline)

Gang-Related Apparel

The principal, staff and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

(cf. 0450 - Comprehensive Safety Plan)
(cf. 5136 - Gangs)

Uniforms

In order to promote student safety and discourage theft, peer rivalry and/or gang activity, the principal, staff and parents/guardians at a school may establish a reasonable dress code requiring students to wear uniforms. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

If a school's plan to require uniforms is adopted, the Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policy. School Uniform Policy

- The decision to pursue a school uniform policy must be initiated by parents/guardians and approved by the school site committee and the site principal

- In order for a school site to further consider a school uniform, at least a majority of the surveys distributed must be returned and 2/3 (two-thirds) of the surveys returned must support a uniform policy. These majorities are considered minimums and school sites have the discretion to establish more stringent standards of returns and support.

GANGS

The Board of Education desires to keep district schools free from the threats or harmful influence of any groups or gangs which exhibit drug use, violence or disruptive behavior. The Superintendent or designee shall take steps to deter gang intimidation of students and staff and confrontations between members of different gangs. He/she shall exchange information and establish mutually supportive efforts with local law enforcement authorities.

(cf. 5131.4 - Student Disturbances)
(cf. 5131.7 - Weapons and Dangerous Instruments)

The Superintendent or designee shall provide inservice training which helps staff to identify gangs and gang symbols, recognize early manifestations of disruptive activities, and respond appropriately to gang behavior. Staff shall be informed about conflict management techniques and alerted to intervention measures and community resources.

The Board realizes that students become involved in gangs for many reasons, such as peer pressure, the need for a sense of belonging, and lack of refusal skills. Age-appropriate gang violence prevention education shall start with students in the early elementary grades and may start in kindergarten.

To further discourage the influence of gangs, the Superintendent or designee shall ensure that school rules of conduct and any school dress code prohibiting gang-related apparel are enforced consistently. If a student exhibits signs of gang affiliation, staff shall so inform the parent/guardian.

Policy **OAKDALE JOINT UNIFIED SCHOOL DISTRICT**
adopted: February 8, 2010 Oakdale, California

CHILD ABUSE PREVENTION AND REPORTING

Child Abuse Prevention

The Board of Education recognizes the district’s responsibility to educate students about the dangers of child abuse so that they will acquire the skills and techniques needed to identify unsafe situations and to react appropriately and promptly.

The district’s instructional program shall include age-appropriate and culturally sensitive child abuse prevention curriculum. This curriculum shall explain students' right to live free of abuse, inform them of available support resources, and teach them how to obtain help and disclose incidents of abuse. The curriculum also shall include training in self-protection techniques.

(cf. 6143 - Courses of Study)

The Superintendent or designee shall seek to incorporate community resources into the district’s child abuse prevention programs. To the extent feasible, the Superintendent or designee shall use these community resources to provide parents/guardians with instruction in parenting skills and child abuse prevention.

(cf. 1020 - Youth Services)

Child Abuse Reporting

The Board recognizes that child abuse has severe consequences and that the district has a responsibility to protect students by facilitating the prompt reporting of known and suspected incidents of child abuse. The Superintendent or designee shall establish procedures for the identification and reporting of such incidents in accordance with law.

(cf. 0450 - Comprehensive Safety Plan)

Employees who are mandated reporters, as defined by law and administrative regulation, are obligated to report all known or suspected incidents of child abuse and neglect. Mandated reporters shall not investigate any suspected incidents but rather shall cooperate with agencies responsible for investigating and prosecuting cases of child abuse and neglect.

The Superintendent or designee shall provide training regarding the reporting duties of mandated reporters.

In the event that training is not provided to mandated reporters, the Superintendent or designee shall report to the California Department of Education the reasons that such training is not provided. (Penal Code 11165.7)

Site-Level Rules

The final version of the rules shall be adopted by a panel comprised of the principal or designee and a representative selected by classroom teachers employed at the school. Each school shall file a copy of its rules with the Superintendent or designee.

The rules shall be consistent with law, Board policy and district regulations. The Board of Education may review, at an open meeting, the approved school discipline rules for consistency with Board policy and state law. (Education Code 35291.5)

Each school shall review its site-level discipline rules at least every four years.

It shall be the duty of each employee of the school to enforce the school rules on student discipline. (Education Code 35291)

Disciplinary strategies provided in Board policy, regulation and law may be used in developing site-level rules. These strategies include but are not limited to:

1. Referral of the student for advice and counseling

(cf. 6164.2 - Guidance/Counseling Services)

2. Discussion or conference with parents/guardians

8. Suspension and expulsion

Students

SUSPENSION AND EXPULSION/DUE PROCESS

The Board of Education has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction.

(cf. 5144 - Discipline)

Suspended or expelled students shall be denied the privilege of participation in all extracurricular activities during the period of suspension or expulsion.

(cf. 6145 - Extracurricular and Cocurricular Activities)

Except where suspension for a first offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion shall be used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to self or others.

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be those specified in law and/or administrative regulation.

Zero Tolerance

The Board supports a zero tolerance approach to serious offenses in accordance with state and federal law. This approach makes the removal of potentially dangerous students from the classroom a top priority and ensures the standardized treatment of all students. Staff shall immediately report to the Superintendent or designee any incidence of offenses specified in law, Board policy, and administrative regulation as cause for suspension or expulsion.

Student Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices and appeals as

specified in administrative regulation and/or law. (Education Code 48911, 48915, 48915.5)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Individuals with Disabilities))

Required Parental Attendance

The Board believes that parental involvement plays an important role in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise.

Whenever a student is suspended from class by a teacher because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities, or otherwise willfully defied valid staff authority, the teacher of the class from which the student was removed may provide that the student's parent/guardian attend a portion of a school day in the class from which the student was suspended. (Education Code 48900.1)

Before requiring parental attendance, the teacher shall make reasonable efforts to have the parent/guardian visit the class voluntarily. The teacher also may inform the parent/guardian about available resources and parent education opportunities. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who lives with the student. (Education Code 48900.1)

When a teacher requires parental attendance, the principal shall send a written notice to the parent/guardian stating that his/her attendance is pursuant to law. (Education Code 48900.1)

The notice shall specify that the attendance may be on either the date the student is scheduled to return to class or within one week thereafter.

A parent/guardian who has received a written notice shall attend class as specified in the notice. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

The principal or designee shall contact a parent/guardian who does not respond to the request to attend school. The Board recognizes that parent/guardian compliance with this policy may be delayed, modified, or prevented for reasons such as serious illness/injury/disability, absence from town, or inability to get release time from work.

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements. Parents/guardians shall be notified of this policy prior to its implementation. (Education Code 48900.1)

Decision Not to Enforce Expulsion Order

On a case-by-case basis, the enforcement of an expulsion order may be suspended by the Board pursuant to the requirements of law.

(cf. 5144 - Discipline)

(cf. 5145.6 - Parental Notifications)

(Education Code 48900(s))

2. Possessed, sold, or otherwise furnished any firearm, knife, explosive, or other dangerous object unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the principal or designee's concurrence. 15. Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness. (Education Code 48900(o))

18. Made terrorist threats against school officials and/or school property. (Education Code 48900.7)

A student in grades 4-12 is also subject to suspension or recommendation for expulsion when it is determined that he/she:

19. Committed sexual harassment as defined in Education Code 212.5 (Education Code 48900.2)

(cf. 5145.7 - Sexual Harassment)

20. Caused, attempted to cause, threatened to cause, or participated in an act of hate violence as defined in Education Code 233 (Education Code 48900.3)

(cf. 5145.3 - Nondiscrimination/Harassment)

A student may be suspended or expelled for any of the acts listed above if the act is related to school activity or school attendance occurring at any district school under the jurisdiction of the Superintendent or principal or within any other school district, including but not limited to the following circumstances: (Education Code 48900)

1. While on school grounds
2. While going to or coming from school
3. During the lunch period, whether on or off the school campus
4. During, going to, or coming from a school-sponsored activity

The Superintendent or principal may use his/her discretion to provide alternatives to suspension or expulsion for a student subject to discipline under this administrative regulation, including, but not limited to, counseling and an anger management program. (Education Code 48900(r))

(cf. 5138 - Conflict Resolution/Peer Mediation)

Alternatives to suspension or expulsion shall be used with students who are truant, tardy, or otherwise absent from assigned school activities.

(cf. 5113 - Absences and Excuses)

(cf. 5113.1 - Truancy)

Removal from Class by a Teacher/Parental Attendance

A teacher may suspend any student from his/her class for the remainder of the day and the following day for any act listed in "Grounds for Suspension and Expulsion" above. (Education Code 48910)

A teacher also may refer a student to the principal or designee for consideration of suspension from school. (Education Code 48910)

When removing a student from his/her class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been removed. (Education Code 48910)

As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the removal. A counselor or psychologist may attend the conference if it is practicable, and a school administrator shall attend if either the parent/guardian or teacher so requests. (Education Code 48910)

A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal. (Education Code 48910)

A student removed from class shall not be placed in another regular class during the period of removal. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was removed. (Education Code 48910)

The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Pursuant to Board policy, a teacher may provide that the parent/guardian of a student whom the teacher has removed attend a portion of a school day in his/her child's classroom. When a teacher makes this request, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is requested pursuant to law. (Education Code 48900.1)

This notice shall also:

1. Inform the parent/guardian when his/her presence is expected and by what means he/she may arrange an alternate date
2. State that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student

3. Ask the parent/guardian to meet with the principal after the visit and before leaving school, as required by Education Code 48900.1

Suspension by Superintendent, Principal or Principal's Designee

The Superintendent, principal or principal's designee may suspend a student from school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

The Superintendent or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

1. Possessing, as verified by a district employee, selling, or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence
2. Brandishing a knife, as defined in Education Code 48915(g), at another person
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion" above
5. Possession of an explosive as defined in 18 USC 921

Suspension also may be imposed upon a first offense if the Superintendent, principal or designee determines that the student violated items #1-5 listed in "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment the student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48911, 48912)

The Superintendent or designee may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year. (Education Code 48903)

Suspensions shall be initiated according to the following procedures:

1. **Informal Conference:** Suspension shall be preceded by an informal conference conducted by the principal, designee, or the Superintendent with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her; the student shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911)

This conference may be omitted if the principal, designee, or the Superintendent determines that an emergency situation exists. An emergency situation involves a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference shall be held as soon as the student is physically able to return to school. (Education Code 48911)

2. **Administrative Actions:** All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee.
3. **Notice to Parents/Guardians:** At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. **Parent/Guardian Conference:** Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved and any other pertinent matter. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student

may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold closed sessions if a public hearing would lead to disclosure of information violating a student's right to privacy under Education Code 49073-49079. (Education Code 35146, 48912)

(cf. 9321 - Closed Session Purposes and Agendas)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by certified mail. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Code 35146, 48912)

Supervised Suspension Classroom

Students for whom an expulsion action has not been initiated and who pose no imminent danger or threat to the school may be assigned to a separate, supervised suspension classroom for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The supervised suspension classroom shall be staffed in accordance with law.
2. The student shall have access to appropriate counseling services.
3. The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
4. Each student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher(s) shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student's parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

Authority to Expel

A student may be expelled only by the Board. The Board shall expel, as required by law, any student found to have committed any offense listed below under "Mandatory Recommendation and Mandatory Expulsion."

The Board may also order a student expelled for any of the acts listed above under "Grounds for Suspension and Expulsion" upon recommendation by the principal, Superintendent, hearing officer or administrative panel, based on either or both of the following finding(s): (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

Mandatory Recommendation for Expulsion

Unless the principal, Superintendent or designee finds that expulsion is inappropriate due to particular circumstances, the principal or the Superintendent or designee shall recommend a student's expulsion for any of the following acts: (Education Code 48915(a))

1. Causing serious physical injury to another person, except in self-defense
2. Possession of any knife as defined in Education Code 48915(g), explosive, or other dangerous object of no reasonable use to the student
3. Unlawful possession of any controlled substance, as listed in Health and Safety Code 11053-11058, except for the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis
4. Robbery or extortion
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee

Mandatory Recommendation and Mandatory Expulsion

The principal, Superintendent or designee shall recommend that the Board expel any student found at school or at a school activity to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence
2. Brandishing a knife as defined in Education Code 48915(g) at another person
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion" above
5. Possessing an explosive as defined in 18 USC 921

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

Student's Right to Expulsion Hearing

The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that one of the acts listed under "Grounds for Suspension and Expulsion" has occurred. (Education Code 48918(a))

The student is entitled to at least one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Education Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

Written Notice of the Expulsion Hearing

Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

1. The date and place of the hearing.
2. A statement of the specific facts, charges, and offense upon which the proposed expulsion is based.
3. A copy of district disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment. This obligation applies when a student is expelled for acts other than those described in Education Code 48915(a) or (c).

(cf. 5119 - Students Expelled from Other Districts)

5. The opportunity for the student or the student's parent/guardian to appear in person or be represented by legal counsel or by a nonattorney advisor.

Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

Nonattorney advisor means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case, and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public unless another student's privacy rights would be violated. (Education Code 48918(c))

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine whether or not the student should be expelled. If the Board admits any other person to this closed session, the parent/guardian, the student, and the counsel of the student shall also be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including but not limited to videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made. (Education Code 48918(g))
3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with the Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20 (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm

by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. Presentation of Evidence: Technical rules of evidence shall not apply to the expulsion hearing, but relevant evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel shall be supported by substantial evidence that the student committed any of the acts pursuant to Education Code 48900 and listed in "Grounds for Suspension and Expulsion" above. (Education Code 48918(h))

Findings of fact shall be based solely on the evidence at the hearing. While no finding shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918(f))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918, 48918.5)
 - a. Any complaining witness shall be given five days' notice before being called to testify.
 - b. Any complaining witness shall be entitled to have up to two adult support persons, including but not limited to a parent/guardian or legal counsel, present during his/her testimony.
 - c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
 - d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
 - e. If one or both support persons are also witnesses, the hearing shall be conducted according to Penal Code 868.5.
 - f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary

circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.

- g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.
 - (1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.
 - (2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.
 - (3) The person conducting the hearing may:
 - (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness
 - (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours
 - (c) Permit one of the support persons to accompany the complaining witness to the witness stand
- 6. Decision Within 10 School Days: The Board's decision on whether to expel a student shall be made within 10 school days after the conclusion of the hearing, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))
- 7. Decision Within 40 School Days: If the Board does not meet on a weekly basis, its decision on whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified above in "Conduct of Expulsion Hearing." (Education Code 48918(d))

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the student shall be immediately reinstated. The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers and with the student's parent/guardian. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion for a period of one year. (Education Code 48917)

The Board shall make its decision about the student's expulsion within 40 school days after the date of the student's removal from school unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel shall be taken by the Board at a public meeting. (Education Code 48918(j))

(cf. 9321.1 - Closed Session Actions and Reports)

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during the summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, and other rehabilitative programs

With parent/guardian consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed in Education Code 48900, 48900.2, 48900.3, 48900.4, 48900.7, or 48915 (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Board of Education (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion (Education Code 48918)
5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918)

Decision Not to Enforce Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion, the Board shall take into account the following criteria:

1. The student's pattern of behavior
2. The seriousness of the misconduct
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program

The suspension of the enforcement of an expulsion shall be governed by the following: (Education Code 48917)

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class, or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion" above or violates any of the district's rules and regulations governing student conduct.
4. When the suspension of the enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order.
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings.
6. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board of Education.
7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of

the right to appeal the expulsion to the County Board of Education. (Education Code 48918(j)).

Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision with the County Board of Education. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)

The student shall submit a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board of Education. The district shall provide the student with these documents within 10 school days following the student's written request. (Education Code 48919)

Notifications to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol or intoxicants of any kind. (Education Code 48902)

Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems
2. Not provided at a comprehensive middle, junior, or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site
3. Not housed at the school site attended by the student at the time of suspension

(cf. 6185 - Community Day School)

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for acts described in items #6-13 and #18-21 under "Grounds for Suspension and Expulsion" above may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

Readmission After Expulsion

Readmission procedures shall be as follows:

1. On the date set by the Board when it ordered the expulsion, the district shall consider readmission of the student. (Education Code 48916)
2. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
3. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session if information would be disclosed in violation of Education Code 49073-49079. If a written request for open session is received from the parent/guardian or adult student, it shall be honored.
4. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding re-admission.
5. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
6. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)

7. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

Maintenance of Records

The Board shall maintain a record of each expulsion, including the specific cause of the expulsion. The expulsion record shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls upon receipt of a written request by the admitting school. (Education Code 48900.8, 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5125 - Student Records)

Outcome Data

The Superintendent or designee shall maintain the following data: (Education Code 48900.8, 48916.1)

1. The number of students recommended for expulsion
2. The specific grounds for each recommended expulsion
3. Whether the student was subsequently expelled
4. Whether the expulsion order was suspended
5. The type of referral made after the expulsion
6. The disposition of the student after the end of the expulsion period

SUSPENSION AND EXPULSION/DUE PROCESS (STUDENTS WITH DISABILITIES)

A student identified as an individual with disabilities pursuant to the Individuals with Disabilities Education Act (IDEA) is subject to the same grounds for suspension and expulsion which apply to students without disabilities.

(cf. 5144.1 - Suspension and Expulsion/Due Process)

Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been officially identified as a student with disabilities pursuant to IDEA and who has engaged in behavior that violated the district's code of student conduct may assert any of the protections under IDEA only if the district *had knowledge* that the student is disabled before the behavior that precipitated the disciplinary action occurred. (20 USC 1415(k)(5); 34 CFR 300.534)

The district shall be deemed to *have knowledge* that the student has a disability if one of the following conditions exists: (20 USC 1415(k)(5); 34 CFR 300.534)

1. The parent/guardian has expressed concern to district supervisory or administrative personnel in writing, or to a teacher of the student, that the student is in need of special education or related services.
2. The parent/guardian has requested an evaluation of the student for special education pursuant to 34 CFR 300.300-300.311.

(cf. 6164.4 - Identification and Evaluation of Individuals for Special Education)

3. The teacher of the student or other district personnel has expressed specific concerns directly to the district's director of special education or to other supervisory district personnel about a pattern of behavior demonstrated by the student.

The district would be deemed to *not have knowledge* that a student is disabled if the parent/guardian has not allowed the student to be evaluated for special education services or has refused services. In addition, the district would be deemed to *not have knowledge* if the district conducted an evaluation pursuant to 34 CFR 300.300-300.311 and determined that the student was not an individual with a disability. When the district is deemed to not have knowledge of the disability, the student shall be disciplined in accordance with procedures established for students without disabilities who engage in comparable behavior. (20 USC 1415(k)(5); 34 CFR 300.534)

If a request is made for an evaluation of a student during the time period in which the student is subject to disciplinary measures pursuant to 34 CFR 300.530, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities. (20 USC 1415(k)(5); 34 CFR 300.534)

AR 5144.2(b)

Suspension

The Superintendent or designee may suspend a student with a disability for up to 10 consecutive school days for a single incident of misconduct, and for up to 20 school days in a school year, as long as the suspension(s) does not constitute a change in placement pursuant to 34 CFR 300.536. (Education Code 48903; 34 CFR 300.530)

The principal or designee shall monitor the number of days, including portions of days, in which a student with a valid individualized education program (IEP) has been suspended during the school year.

(*cf.* 6159 - Individualized Education Program)

The district shall determine, on a case-by-case basis, whether a pattern of removals of a student from his/her current educational placement for disciplinary reasons constitutes a change of placement. A *change of placement* shall be deemed to have occurred under any of the following circumstances: (34 CFR 300.536)

1. The removal is for more than 10 consecutive school days.
2. The student has been subjected to a series of removals that constitute a pattern because of all of the following:
 - a. The series of removals total more than 10 school days in a school year.
 - b. The student's behavior is substantially similar to his/her behavior in previous incidents that resulted in the series of removals.
 - c. Additional factors, such as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another, indicate a change of placement.

If the removal has been determined to be a *change of placement* as specified in items #1-2 above, the student's IEP team shall determine the appropriate educational services. (34 CFR 300.530)

Services During Suspension

Any student suspended for more than 10 school days in the same school year shall continue to receive services during the term of the suspension. School personnel, in consultation with at least one of the student's teachers, shall determine the extent to which

services are needed as provided in 34 CFR 300.101(a), so as to enable the student to continue to participate in the general education curriculum in another setting and to progress toward meeting the goals as set out in his/her IEP. (20 USC 1412(a)(1)(A); 34 CFR 300.530)

If a student with disabilities is excluded from school bus transportation, the student shall be provided with an alternative form of transportation at no cost to the student or his/her parent/guardian, provided that transportation is specified in his/her IEP. (Education Code 48915.5)

(cf. 3541.2 - Transportation for Students with Disabilities)

Interim Alternative Educational Placement Due to Dangerous Behavior

The district may unilaterally place a student with a disability in an appropriate interim alternative educational setting for up to 45 school days, without regard to whether the behavior is a manifestation of the student's disability, when the student commits one of the following acts while at school, going to or from school, or at a school-related function: (20 USC 1415(k)(1)(G); 34 CFR 300.530)

1. Carries or possesses a weapon, as defined in 18 USC 930
2. Knowingly possesses or uses illegal drugs
3. Sells or solicits the sale of a controlled substance as identified in 21 USC 812(c), Schedules I-V
4. Inflicts serious bodily injury upon another person as defined in 18 USC 1365

The student's interim alternative educational setting shall be determined by his/her IEP team. (20 USC 1415(k)(1)(G), 34 CFR 300.531)

On the date the decision to take disciplinary action is made, the parents/guardians of the student shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)

A student who has been removed from his/her current placement because of dangerous behavior shall receive services to the extent necessary to allow him/her to participate in the general education curriculum and to progress toward meeting the goals set out in his/her IEP. As appropriate, the student shall also receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

Manifestation Determination

The following procedural safeguards shall apply when a student is suspended for more than 10 consecutive school days, when a series of removals of a student constitutes a pattern, or when a change of placement of a student is contemplated due to a violation of the district's code of conduct:

1. Notice: On the date the decision to take disciplinary action is made, the parents/guardians of the student shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)

(cf. 5145.6 - Parental Notifications)

(cf. 6159.1 - Procedural Safeguards and Complaints for Special Education)

2. Manifestation Determination Review: Immediately if possible, but in no case later than 10 school days after the date the decision to take disciplinary action is made, a manifestation determination review shall be made of the relationship between the student's disability and the behavior subject to the disciplinary action. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

At the manifestation determination review, the district, the student's parent/guardian, and relevant members of the IEP team (as determined by the district and parent/guardian) shall review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parents/guardians, to determine whether the conduct in question was either of the following: (20 USC 1415(k)(1)(E); 34 CFR 300.530)

- a. Caused by or had a direct and substantial relationship to the student's disability
- b. A direct result of the district's failure to implement the student's IEP, in which case the district shall take immediate steps to remedy those deficiencies

If the manifestation review team determines that a condition in either #a or #b above was met, the conduct shall then be determined to be a manifestation of the student's disability. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

3. Determination that Behavior is a Manifestation of the Student's Disability: When the conduct has been determined to be a manifestation of the student's disability, the IEP team shall conduct a functional behavioral assessment, unless a functional behavioral assessment had been conducted before the occurrence of the behavior that resulted in the change of placement, and shall implement a behavioral intervention plan for the student. If a behavior intervention plan has already been

developed, the IEP team shall review the behavioral intervention plan and modify it as necessary to address the behavior. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

The student shall be returned to the placement from which he/she was removed, unless the parent/guardian and district agree to a change of placement as part of the modification of the behavioral intervention plan. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

(cf. 6159.4 - Behavioral Interventions for Special Education Students)

4. Determination that Behavior is Not a Manifestation of the Student's Disability: If the manifestation determination review team determines that the student's behavior was not a manifestation of his/her disability, the student may be disciplined in accordance with the procedures for students without disabilities. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

The student shall receive services to the extent necessary to participate in the general education curriculum in another setting and to allow him/her to progress toward meeting the goals set out in his/her IEP. As appropriate, the student shall also receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

(cf. 6158 - Independent Study)

(cf. 6185 - Community Day School)

Due Process Appeals

If the parent/guardian disagrees with any district decision regarding placement under 34 CFR 300.530 (suspension and removal for dangerous circumstances) or 34 CFR 300.531 (interim alternative placement), or the manifestation determination under 34 CFR 300.530(e), he/she may appeal the decision by requesting a hearing. The district may request a hearing if the district believes that maintaining the student's current placement is substantially likely to result in injury to the student or others. In order to request a hearing, the requesting party shall file a complaint pursuant to 34 CFR 300.507 and 300.508(a) and (b). (20 USC 1415(k)(3); 34 CFR 300.532)

Whenever a hearing is requested as specified above, the parent/guardian or the district shall have an opportunity for an expedited due process hearing consistent with requirements specified in 34 CFR 300.507, 300.508 (a)-(c), and 300.510-300.514.

If the student's parent/guardian or the district has initiated a due process hearing under 34 CFR 300.532 as detailed above, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the 45-day time period, whichever occurs first, unless the parent/guardian and district agree otherwise. (20 USC 1415(k)(4); 34 CFR 300.533)

Readmission

Readmission procedures for students with disabilities shall be the same as those used for all students. Upon readmission, an IEP team meeting shall be convened.

Suspension of Expulsion

The Board of Education's criteria for suspending the enforcement of an expulsion order shall be applied to students with disabilities in the same manner as they are applied to all other students. (Education Code 48917)

Notification to Law Enforcement Authorities

Prior to the suspension or expulsion of any student with a disability, the principal or designee shall notify appropriate city or county law enforcement authorities of any act of assault with a deadly weapon which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of acts by any student with a disability which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a suspension or expulsion of a student with disabilities, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any act by the student which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol or intoxicants of any kind. (Education Code 48902)

(cf. 5131.7 - Weapons and Dangerous Instruments)

Report to County Superintendent of Schools

The Superintendent or designee shall report to the County Superintendent when any special education student has been expelled or suspended for more than 10 school days. The report shall include the student's name, last known address, and the reason for the action. (Education Code 48203)

approved: April 12, 2010 Oakdale, California

Students BP 5145.7(a)

SEXUAL HARASSMENT

The Board of Education is committed to maintaining an educational environment that is free from harassment. The Board prohibits sexual harassment of students by other students, employees or other persons, at school or at school-sponsored or school-related activities. The Board also prohibits retaliatory behavior or action against persons who complain, testify, assist or otherwise participate in the complaint process established pursuant to this policy and the administrative regulation.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate instruction and information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same gender
2. A clear message that students do not have to endure sexual harassment
3. Encouragement to report observed instances of sexual harassment, even where the victim of the harassment has not complained
4. Information about the person(s) to whom a report of sexual harassment should be made

(cf. 5131.5 - Vandalism, Theft and Graffiti)

(cf. 5137 - Positive School Climate)

(cf. 5145.3 - Nondiscrimination/Harassment)

(cf. 6142.1 - Sexual Health and HIV/AIDS Prevention Instruction)

Complaint Process

Any student who feels that he/she is being or has been subjected to sexual harassment shall immediately contact his/her teacher or any other employee. A school employee to whom a complaint is made shall, within 24 hours of receiving the complaint, report it to the principal or designee.

Any school employee who observes any incident of sexual harassment involving a student shall report this observation to the principal or designee, whether or not the victim files a complaint.

In any case of sexual harassment involving the principal or any other district employee to whom the complaint would ordinarily be made, the employee who receives the student's report or who observes the incident shall report to the nondiscrimination coordinator or the Superintendent or designee.

(cf. 4119.11/4219.11/4319.11 - Sexual Harassment)
(cf. 5141.4 - Child Abuse Prevention and Reporting)
(cf. 5145.3 - Nondiscrimination/Harassment)

Where the principal or designee finds that sexual harassment occurred, he/she shall take prompt, appropriate action to end the harassment and address its effects on the victim. The principal or designee shall also advise the victim of any other remedies that may be available. The principal or designee shall file a report with the Superintendent or designee and refer the matter to law enforcement authorities, where required.

(cf. 1312.1 - Complaints Concerning District Employees)

Disciplinary Measures

Any student who engages in sexual harassment of anyone at school or at a school-sponsored or school-related activity is in violation of this policy and shall be subject to disciplinary action. For students in grades 4 through 12, disciplinary action may include suspension and/or expulsion, provided that in imposing such discipline the entire circumstances of the incident(s) shall be taken into account.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address and prevent repetitive harassing behavior in its schools.
